2021-2022 School Accountability Report Card
(Published During the 2022-2023 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview 	By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC. For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at https://www.cde.ca.gov/ta/ac/sa/ For more information about the LCFF or the LCAP, see the CDE LCFF web page at https://www.cde.ca.gov/fg/aa/lc/ For additional information about the school, parents/guardians and community members should contact the school principal or the district office.
DataQuest 	DataQuest is an online data tool located on the CDE DataQuest web page at https://dq.cde.ca.gov/dataquest/ that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).
California School Dashboard 	The California School Dashboard (Dashboard) https://www.caschooldashboard.org/ reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access	Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2022-23 School Overview

The mission of Sherwood Montessori is to educate K-8 students of the greater Chico area by providing Montessori education within the context of mutual respect and joy. The focus of the education will be on engaging critical thinking and fostering empathy, and developing the skills needed to become competent, responsible citizens w ho are life-long learners and skillful problem solvers.

The school serves our community by providing a rich and supportive educational environment for children based upon the philosophy of Maria Montessori which allows each child to reach his or her own potential academically, personally, and socially and will focus on educating the whole child intellectually, physically, and psychologically. The methodology used will develop a firm foundation for the students, and will emphasize ethics, initiative, persistence, and self-confidence.

This mission will be accomplished by a concerted community-based effort between the school, the parents, and the individual child.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

School Facility Conditions and Planned Improvements

The main campus of Sherwood Montessori is located on the north side of Chapman Elementary campus, with an auxiliary campus located at 1010 Cleveland Ave. The main campus includes seven classrooms and an office; 20th Street Park connects the two campuses. Through funds available from the Measure K bond, Sherwood has been able to complete a construction project to install two classrooms and a library/teaching kitchen at the 1010 site. The two classrooms house our transitional kindergarten/kindergarten program with an outdoor area designed for young children.

| **B. Pupil Outcomes** | **State Priority: Pupil Achievement** |

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments
(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).
4. **College and Career Ready**
   The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

SARC Reporting in the 2020-2021 School Year Only
Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

Options
Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2020-21 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-21 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-21 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-21 school year to other school years.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2020-21	School 2021-22	District 2020-21	District 2021-22	State 2020-21	State 2021-22
English Language Arts/Literacy (grades 3-8 and 11)	N/A	30	N/A	55	N/A	47
Mathematics (grades 3-8 and 11)	N/A	9	N/A	39	N/A	33

2021-22 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2021-22 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2021-22 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results.   Due to changes to the 2021-22 PFT administration, only participation results are required for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2022-23 Opportunities for Parental Involvement

Parent involvement is vital for the success of Sherwood Montessori. In addition to providing volunteer opportunities that enrich our program, with participation parents make a powerful statement to the children that school is important and education is valued by the family. The SMPO provides parents with an avenue to effective participation in the school's operations. All parents at Sherwood are defacto members of the SMPO. Active membership is encouraged and achieved by attending regularly scheduled SMPO meetings. At meetings, parents can learn more about how to optimize their skills as a volunteer.

Sherwood reviews its Parent Participation Policy annually with input from parents and families. Recently the SMPO restructured with a shared leaderhip model that included a team of parents rather than the traditional elected leaders in officer positions.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-20 suspensions and expulsions rate data are not comparable to other year data because the 2019-20 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-20 school year compared to other school years.

This table displays suspensions and expulsions data collected between July through June, each full school year respectively. Data collected during the 2020-21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

2022-23 School Safety Plan

The School Safety Plan has been written by the Director with input from the Safety Committee and the school's insurance provider. The Safety Plan is updated annuallyand published in the summer for the next school year. Sherwood's Safety Plan provides for the physical and psychological safety of all students, staff and families of the Sherwood community. The most recent revision was February, 2022. Input was sought from Safety Committee members and faculty and staff in February and adopted by the Board in an open, public meeting on February 17, 2022. Key elements included: Child Abuse Reporting Procedures, School Discipline Guidelines, Sexual Harassment Policies, Procedure for Safe Ingress and Egress, School Discipline Rules and Consequences, Hate Crime Reporting Procedures and Policies, Procedures to Prepare for Active Shooters, and Procedures for Preventing Acts of Bullying and Cyber-bullying.

In addition to the School Safety Plan, a Reopening School Safely Plan was written with guidance from the Center for Disease Control, California Department of Education, California Department of Public Health, and the Butte County Department of Public Health. This plan includes more specific details for safely responding to the COVID-19 pandemic and continues to be revised as health guidance is updated.

2021-22 Types of Services Funded

The Montessori approach to education is holistic, considering not only the intellectual development of the child but the physical and emotional development as well. Sherwood supports a number of services that reflect this value, including: counseling with a MSW counselor, Positive Behavior Interventions and Supports (PBIS), social emotional learning curriculum such as Second Step, SEL Toolbox, and Montessori Grace and Courtesy curriculum, outdoor education and gardening program and enrichment instruction in the arts. Academics are supplemented with intervention and enrichment services in reading, writing, and math including Montessori Pathways reading remediation program for phonics instruction, guided reading using leveled texts, and free tutoring after school in the Extended Day program.

Professional Development

Sherwood Montessori is dedicated to providing an authentic Montessori education for our diverse students. In 2020-2021 and 2021-2022 teachers and staff participated in Anti-Bias Anti-Racist (ABAR) professional development specifically for Montessori teachers; in 2022-2023 all staff participated in ABAR training from a community member that was not specific to Montessori.

In addition to Montessori trainings, Sherwood teachers and Director take part in training offered through the Butte County Office of Education and other local sources for professional development. During the most recent three years, staff attended professional development related to implementing Common Core State Standards, implementing a Multi-Tiered System of Support/Response to Intervention and Instruction model, the Nurtured Heart Approach, working with students with Autism Spectrum Disorder, helping students in emotional crisis to regulate, suicide prevention and other topics.

In the 2017-2018 school year, Sherwood was awarded the SUMS (Scale Up Multi-Tiered System of Support) grant for MTSS (Multi-Tiered System of Support) and attended professional development designed to improve practices in intervention and special education programs. This was also the school's first year of PBIS (Positive Behavior Interventions and Supports) training. Currently the school is in its fifth year of PBIS training and implementation and has a team attending the NorCal Educational Leadership Consortium to improve support to students through humanist and restorative practices. The school was recently awarded the Phase 3 CA MTSS School grant to continue this work and become a California MTSS Pathway Certified School.
